Firefox Browser

Clear cookies and site data in Firefox

<u>Cookies</u> are stored on your computer by websites you visit and contain information such as site preferences or login status. This article describes how to delete Firefox cookies, other site data and <u>cached web content</u>.

Clear all cookies, site data and cache

- 1. Click the menu button \equiv and select Settings.
- 2. Select the Privacy & Security panel and go to the Cookies and Site Data section.
- 3. Click the **Clear Data...** button.

5. Click

🔆 General		
Home	Cookies and Site Data Your stored cookies, site data, and cache are currently using 468 MB	Clear Data
Q Search	of disk space. Learn more	Manage Data
Privacy & Security	Delete cookies and site data when Firefox is closed	Manage Exceptions
Sync		

4. In the Clear Browsing Data and Cookies dialog window, check the boxes for Cookies and site data (to remove login status and site preferences) and Temporary cached files and pages (to remove stored images, scripts, and other cached content). Be sure all other boxes are unchecked.
